## OPERATING RULES

- The event shall be conducted in accordance with the Constitution, the following by-laws and International Tennis Federation rules as they apply in the year of competition.
- In the case of conflict between the adopted rules and the Constitution or the Sporting By-Laws, the Constitution and Sporting By-Laws shall have over-riding authority.
- The following additional rules are to be adhered to:
  - Each Rosebowl team shall consist of four ranked singles players ranked players and three ranked doubles pairs and may have up to two reserve players.
  - Each Rawson team shall consist of six ranked singles players and three ranked doubles pairs and may have up to four reserve players.
  - Play will cease at the time of sunset as stated on the Australian Government Bureau of Meteorology at the start of each day's competition. Players shall be made aware of this time on the day.
    - Unless relevant team captains agree otherwise, if a game is ceased due to the sunset rule the games will recommence, from the point of cessation, on the allotted 'spare day'.
    - If there are no remaining 'spare days' the fixture will be rescheduled, by a vote of the committee, as soon as practicably possible.
  - For the purpose of this part of the By-Laws a rubber refers to a match of up to two sets and one super tie-break, be it doubles or singles.
  - Players will compete pursuant to a ranking system.
    - Each College tennis captain must present a written gradation of the players to compete the next day to the Intercol Convener at least 12 hours prior to the commencement of play each round. Failure by any captain to do so will result in the deduction of one rubber from any won on the relevant day of competition.
    - Each singles player and doubles pair are to be assigned a ranking by their college.
    - Players may have different rankings in singles and doubles.
    - A doubles player does not necessarily have to play in a singles rubber to be eligible to play in a doubles rubber.
    - A player or doubles pair ranking may only vary up or down one position from the previously presented written gradation, unless all College tennis captains are in agreement.
      - The ranking system is liner, i.e. a player may not move from 6 to 1 and vice versa.
      - A player may not change their ranking on the day of competition.
    - If a ranked player is unable to compete on the day of competition, a reserve may enter into their rank.
      - Once ranked, due to taking the position of the injured player, variation in ranking is subject to clause 3E(v).
    - If a player is injured during a rubber other players may be substituted in for that player's competition in subsequent rubbers, but not the rubber in which the player sustains the injury.
    - In the event of wet weather the following rules shall apply;
      - If no rubbers have commenced in a fixture any washouts will be played on an allotted 'spare day'.
      - If there are no remaining 'spare days' the fixture will be rescheduled, by a vote of the committee, as soon as practicably possible.
      - Teams must make themselves available to play on the 'spare day' or other day as decided under Clause 3F(v) by the committee.
      - If a fixture commences and is washed out whilst in play the following rules will apply, unless all College tennis captains agree otherwise;
