If there's a positive COVID-19 case reported

As you would be aware, if SUSF has a confirmed case of COVID-19 we will need to follow the advice of NSW Department of Health and may have to close one or more of our facilities for a short period of time. Please note, that these may change depending on the advice of NSW Health.

While we will endeavour to inform you of any reported positive case as soon as we hear, the quickest way you will hear is via the QR code check in, so please make sure you check yourself in each day, and add you child as your dependant.
