

# TARGET Tokyo

---

Help our athletes achieve  
their Olympic dreams

---

---

Our athletes have significant financial stress when trying to achieve Olympic and major championship qualifying performances.

Competing overseas is expensive and in some cases prohibitive - especially for student athletes.

Despite this, SUAC international representation has been phenomenal in recent years - 22 athletes in 2018 alone.

Both 2017 and 2018 were hugely successful opening years of our 4 year Target Tokyo program providing athletes:

---

### EUROPEAN BASE ACCOMMODATION

based out of Brussels giving athletes the best access to high profile meets in Europe and a trusted Australian base

### TRAINING & TRANSPORT

access to outdoor and indoor training tracks, elite strength training facilities and transport assistance around Europe

### RACE ENTRY ASSISTANCE

securing competition at the highest level, often a time consuming and stressful task for athletes, allowing athletes to focus on their physical preparation

### MEDICAL

on ground team physiotherapist and/or masseuse available to athletes utilising SUAC athlete expertise where possible

You, our alumni and supporters, are asked to help this ambitious and valuable program by investing in our athletes.

Your return is the happiness of seeing our athletes achieve their Olympic and major championship dreams and growing SUAC international representation even further.

Donations can be made as one-offs or regular instalments to the University of Sydney Sports Foundation Athletics Division.

Donations are fully tax deductible. Enjoy making your pre-tax earnings go further as funding for the Target Tokyo program.
