CHILD SAFETY

If your child has Asthma or Anaphylaxis, you must submit a current Individual Health Management Plan, completed by a medical practitioner, to the Camp Director by 9:00 am on the first day of camp.

All medication must be clearly labelled, in original packaging, and signed in and out daily by an authorised adult.

WHAT IS SU SPORT'S SUN SAFETY POLICY?

To help protect children from harmful sun exposure, we ask parents to provide:

- A wide-brim hat
- SPF 30+ sunscreen
- Protective clothing (e.g. long sleeves, longer shorts, sunglasses)

All items should be clearly labelled with your child's name.

SU Sport aims to minimise sun exposure by scheduling activities outside peak UV times, providing shaded areas where possible, and modelling sun-safe behaviour. SPF 30+ sunscreen is available on-site, and staff will regularly remind children to reapply throughout the day.

If your child has a sunscreen allergy or sensitivity, please supply a suitable alternative.

WHAT HAPPENS IF MY CHILD IS INJURED OR BECOMES UNWELL AT CAMP?

A qualified First Aider will attend to minor injuries (e.g. cuts, grazes, insect bites). An Incident/Accident Report will be completed and must be signed by the collecting parent or guardian to acknowledge notification.

If your child becomes unwell, they will be supervised by a qualified First Aider until they recover or are collected. Children with vomiting or diarrhoea must be collected immediately and should not attend camp until fully recovered.

In the case of a more serious injury or trauma, the Community Programs Manager will be notified, emergency First Aid will be administered, and medical attention will be sought without delay. Parents will be informed as soon as possible about the incident and any actions taken.

For any other health issues that arise during camp, parents or authorised adults will be notified promptly.
